Match/Shooting Schedule

PRACTICE – 4pm, Friday, April 26th, 2019

Site in range is open for registered competitors.

RIFLE FIELD TARGET MATCH - 1st round – Saturday April 27th, 2019

Competitors can start sight in practice for the Rifle Field Target match at 8:00am. Safety Meeting begins at 9:00am. The match starts at 9:30am. This will be a 40 shot course, 10 lanes, two targets per lane, and two shots per target. Timers may be used in order to keep the match progressing at an acceptable rate. Competitors are allowed 5 minutes to make 4 shots. All targets will be visible from all shooting positions. There will be one designated standing lane. Air, snacks, water, sunscreen, and bug spray will be available at the rest area during the match.

PISTOL FIELD TARGET MATCH - 3pm, Saturday, April 27th, 2019

This will be a 40 shot course, 10 lanes, two targets per lane, and two shots per target. Timers may be used in order to keep the match progressing at an acceptable rate. Competitors are allowed 5 minutes to make 4 shots. All targets will be visible from all shooting positions. There will be one designated standing lane.

RIFLE FIELD TARGET MATCH - 2nd round – Sunday, April 28th, 2019

Competitors can start sight in practice for the Rifle Field Target match at 8:00am. Safety Meeting begins at 9:00am. The match starts at 9:30am. This will be a 60 shot course, 15 lanes, two targets per lane, and two shots per target. Timers may be used in order to keep the match progressing at an acceptable rate. Competitors are allowed 5 minutes to make 4 shots. All targets will be visible from all shooting positions. There will be one designated standing lane and one designated kneeling/standing lane. Air, snacks, water, sunscreen, and bug spray will be available at the rest area during the match.

Match Rules

[AAFTA](#) rules and classes apply.

[WFTF](#) rules apply.

Equipment inspection and FPE testing may be done at the Match Director's discretion. In any matters arising and not covered by these rules, the Match Director's decision will be final.

Targets will be checked each morning before the match with a WFTF calibrated target tester.

Target Malfunctions:

If a reset string breaks, snags, or a target cannot be reset, call a marshal to repair it.

Any disputed target must be challenged immediately after a shot is fired. Under no circumstances should the shooter touch the reset cord until the dispute has been resolved. Targets should be checked by the Deputy Marshal whose decision is final.

Marshal procedures to validate a target dispute:

1. The first thing to do is a visual check-up.
 - a. Make sure the shooter hasn't touched the reset string.
 - b. Check that the reset string isn't stuck or in tension preventing the target to fall.
 - c. Check that the target inclination is appropriate.
 - d. Check that the target is properly secured
 - e. Check that there isn't anything in the surroundings of the target that prevents the target to work correctly (bush, tree, branch etc.).
 - f. If the dispute is at the beginning of a session, validate splits;
2. After passing all of the visual checks, the target will be tested at least 3 times in different kill zone target areas (ex. top, middle and bottom) using the Official WFTF target checking device by a marshal trained and certified in its use.
3. If no issue is identified, the shooter will have a zero (miss).
4. If a target is found to be faulty, the target should be repaired or replaced immediately by a target with similar kill-zone size and will be re-shot by only the shooter who had challenged the shot.
5. If a target is found to be faulty and there's no replacement target, all shooters will be awarded with that point regardless of whether they have already shot the target or not, and it must remain removed for the remainder of the competition.

Meal/Activity Schedule

12pm, Friday, April 26th, 2019

Gate is open for early arrivals. Competitors must sign in upon arrival. Competitors may setup their camp site.

7pm-9pm, Friday, April 26th, 2019
